

How to connect to Eduroam Wireless Network

Help guide

Contents

Jump to the setup instructions for your device:

Microsoft Windows	3
MacOS	5
iOS (iPhone and iPad)	7
Android	10
Linux	11

Notes:

User name must be in this format:
username@swin.edu.au (your username is your student number/SIMS ID)

Actual look and feel may differ depending on your version of operating system and device vendor.

Microsoft Windows

To remove old eduroam profile:

- Click **Windows Start Button** > **Settings** > **Network and Internet**
- On the left-menu click **Wi-Fi**, then click **Manage known networks** link on the right
- Select **eduroam** from the list and click **Forget**

To connect to eduroam:

- Click on the **Show Hidden Icons** arrow in the task bar, then the **Wireless Networks** icon

- Select **eduroam** network

- Check **Connect automatically** and click the **Connect** button

Continued on next page

- A security prompt will appear – click the **Connect** button

- Enter **username@swin.edu.au** as your username followed by your **password**, then the **OK** button

- You have now successfully connected to eduroam

MacOS

To remove old eduroam profile:

- Open **System Settings** 
- Click **WiFi** 
- Click **Details** next to **eduroam** then **Forget this network** then **Remove**

To re-connect to eduroam:

- Whilst still in **System Settings** hover over **eduroam** from the **other networks** list and choose **Connect**

- When prompted, enter your **username@swin.edu.au** as your username followed by your **password** and click the **Join** button

Select a certificate or enter a name and password for network "eduroam"

No certificate selected

OK

Continued on next page

- You will be prompted to review and accept the certificate for eduroam

- Ensure that the certificate is correct by clicking **Show Certificate** and reviewing the details. Please ensure that 'wireless.swin.edu.au' is issued by DigiCert Certificate Authority. Once the details are verified, accept the certificate by clicking **OK** and **Continue**.

- If prompted enter the **username** and **password** for your mac to add the certificate to keychain

- Your Mac will now attempt to connect to eduroam. Once connected, you can verify the connection from the WiFi Menu

iOS (iPhone and iPad)

To remove old eduroam profile:

- Open **Settings** and then **Wi-Fi**
- Tap the ⓘ next to **eduroam** from the list and tap **Forget this Network**

To connect to eduroam:

- Tap **Settings** > **Wi-Fi**, then select **eduroam**
- When prompted, enter your **username@swin.edu.au** as your username followed by your **password**, then tap **Join**

- You will be prompted to trust the certificate 'wireless.swin.edu.au'. Please ensure it is issued by DigiCert Certificate Authority.

Continued on next page

- Please ensure that 'wireless.swin.edu.au' is issued by DigiCert Certificate Authority. Tap **Accept/Trust** certificate to get connected

- You have now successfully connected to eduroam

Android

To remove old eduroam profile:

- Go to **Settings > Wi-Fi**
- Press and hold **eduroam** and tap **Forget Network**
- Tap on **eduroam** to configure again
